

LIST OF PRODUCTS TESTED FOR UNLIMITED USE IN A WINE ENVIRONMENT

THE PRODUCTS LISTED BELOW ARE APPROVED FOR USE IN ALL AREAS AT A WINERY, INCLUDING AREAS WITH DIRECT CONTACT WITH WINE IN BULK FORMAT.

None of the organohalogens were present at detectable levels.

Wineries should ensure adequate ventilation during application of products and manage mould growth in all areas to manage risk over time

Wineries are encouraged to ask assistance from the contact persons listed below regarding product information and specific technical application
